

# Deepika M

## SUMMARY

As a final-year BCA student, you possess a strong foundation in programming, SQL, and web development, complemented by robust problem-solving, analytical thinking, and teamwork skills. Your background makes you a strong candidate for various entry-level roles in the tech industry

## INTERNSHIP EXPERIENCE

### Python Full-Stack Development Intern – 2025

- Built web applications using HTML, CSS, JavaScript, Python, and SQL.
- Designed full-stack development workflow and integrated front-end with database.
- Strengthened debugging, teamwork, and problem-solving skills through live project work.

### Web Development Intern – 2025

- Developed responsive web pages using HTML, CSS, JavaScript.
- Assisted in creating user-friendly front-end features for client projects.
- Collaborated in project workflows and learned team-based Agile practices.

## PROJECTS

### Portfolio Website (HTML, CSS, JavaScript)

<https://deepika262.github.io/online-portfolio/>

- Designed and developed a responsive personal portfolio showcasing skills, certifications, and projects.
- Implemented features like dark mode, contact form, and smooth navigation.

### E-Commerce Website (HTML, CSS, JavaScript)

<https://deepika262.github.io/E-Commerce/>

- Built a functional e-commerce website with product listings, shopping cart, and responsive design.
- Enhanced user experience with interactive UI and optimized load performance.

## Educational Background

### Bachelor of Computer Applications - BCA

Dr. M.G.R Janaki College of Arts & Science for Women [2023-2026]

CGPA:8.78

## SKILLS

### Technical Skills

#### Programming & Scripting

- C++
- Python
- JavaScript
- SQL

#### Web Development

- HTML5
- CSS
- Responsive Design, DOM Manipulation

#### Database & Tools

- MySQL
- MS Excel
- Git & GitHub
- VS Code
- Canva

## CERTIFICATIONS

- Databases and SQL for Data Science – Coursera
- Responsive Website Basics – Coursera
- Python Data Structures – Coursera

## LANGUAGES

- English- – Professional Proficiency
- Tamil – Native Proficiency
